Finished Fire Pit, Front View

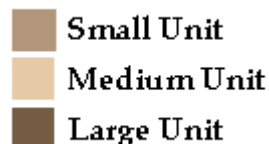

GATHER 'ROUND THE CAMPFIRE!

It's never been so easy to have a campfire at home with this new VERSA-LOK Mosette Firepit Kit from Patio Town. Easily installed in two to four hours, the Mosette Firepit will bring the rustic flavor of the Great North Woods to your own backyard. Everything you need to build a 48-inch-square Mosette Firepit is included in this kit: three sizes of Mosette units for a stylish random look, VERSA-LOK half-units for the corners, cap units and concrete adhesive.

Why wait to go camping? Bring home your own Mosette Firepit Kit today for only \$59!

TO INSTALL

- 1) Dig a 48" x 48" 3-inch-deep trench, level and compact.
- 2) Lay the first course according to the diagram below.
- 3) Apply concrete adhesive to top of first course.
- 4) Lay the second course according to the diagram below.
- 5) Cut cap units to fit top of second course with uniform overhang.
- 6) Apply concrete adhesive to top of second course and secure cap units.
- 7) Let dry at least 24 hours before using.
