

LEDGESTONE™

LEDGESTONE™ COPING & PILLAR CAP

Ledgestone™ coping and pillar cap is Unilock's universal coping system that is turning heads with its remarkably natural yet refined appearance. Featuring pitched edges and three color options to work with, Ledgestone can be used to cap almost any Unilock landscape wall. Ledgestone units are longer in size than typical wall system caps, which allows for a more accurate and pleasing end-result. Whether you are building pillars, seat walls, steps or grill islands, Ledgestone is the preferred coping.

Reala™ Surface Design

Ultra realistic textures cast from actual natural stones, bricks and cobblestones.

NOTES: 4 Ledgestone end coping units can be used to cap pillars larger than 20", leaving a small opening for lighting. All caps require a skid that is non-refundable. All measurements are nominal.
